RE: **Roaming Obligations of Commercial Mobile Radio Service Providers**
WT Docket No. 05-265
Notice of Ex Parte Presentation

Dear Ms. Dortch:

On September 21, 2010, Jeanine Poltronieri, Michael Goggin, Gram Meadors, Colleen Thompson and Cameron Dunn (via conference call) of AT&T, and David Lawson of Sidley, Austin, LLP, representing AT&T, met with Nese Guendelsberger, Tom Peters, Paul Murray, Christina Clearwater, Ziad Sleem, Bill Stafford, Weiren Wang and Sharif Shahrier of the Wireless Telecommunications Bureau. The purpose of the meeting was to discuss AT&T's opposition to a mandatory data roaming requirement, consistent with AT&T's comments filed in this proceeding. AT&T summarized its position, as represented in its filings, and the attached presentation. In addition, AT&T referenced the attached paper, "The Application of Network Neutrality Regulations to Wireless Systems: A Mission Infeasible," previously filed in the Net Neutrality docket (GN Docket No. 09-191, WC Docket No. 07-52) which provides information on the technical realities of management of the wireless data network and the harm that would be caused by government after-the-fact adjudication of whether a particular network management practice was reasonable.

In accordance with the Commission's rules, this letter is being filed electronically with your office for inclusion in the public record.

Sincerely,

/s/Jeanine Poltronieri
